Sewer District No. 2 Move Is Held to First Reading

An ordinance calling for construction of Circleville Sewer District No. 2 was held to first reading last night in City Council.

A lengthy resolution declaring necessity of the sewer district construction was introduced for the first time as an emergency measure. Engineer's plans for the project were approved and accepted by Council last month. Passage was halted when Boyd Horn, 4th Ward Councilman, voted against the measure after rules had been suspended a few minutes earlier. A three-fourths vote was needed to pass the ordinance.

Councilman Harold Clifton was absent and Horn's vote was enough to hold the action to first reading.

MOST councilmen agreed that legislative speed is needed in regard to pushing ahead on Sewer District No. 2. It was pointed out that construction has started on the new Nicholas Drive elementary school which will be served by the project.

The sewer ordinance will be due for second reading at the next council meeting June 20.

The district will provide sanitary sewer facilities for about 400 acres of property inside the city limits. It extends from the Ridgewood Addition on the north to Lancaster Pike - Watt St. corner on the south and includes all area within the city limits.

Estimated cost of the project is \$150,000. A large share of the cost would be paid for by benefited property owners and the balance by the city.

Plans call for construction of a large trunk sewer from the Northridge Road - Nicholas Drive intersection, south to an east-west ditch, then west along Hargus Creek to the Ted Lewis Park pump station. A spur line would run from the Lancaster Pike - Watt St. intersection to the Hargus Creek line.

The resolution calls for levied assessments to be paid in 10 annual installments. Property owners would have the option to pay assessments in cash 30 days after passage of the assessing ordinance.

The measure would also authorize the city to issue bonds in anti-interests and notes be issued.

Auto Strikes Local Woman

A Northend woman received compound fractures of the right leg when she was struck by an auto at 8:25 p. m. yesterday on Atwater Ave.

Virginia Guseman, 35, of 1138 Atwater, was struck by an auto driven by William H. Clifton, 50, of 307 S. Court St. She had just returned from making a purchase at a mobile ice cream wagon.

She was taken to Berger Hospital.

Witnesses said Mrs. Guseman walked into the path of the auto as she returned from making a purchase at the mobile ice cream wagon.

The Circleville Police Department investigated the accident.

Boy's College Fund Hustle Proves Flop

LAFAYETTE, Ind. (AP) — A bellhop's scheme to get small donations out of famous people so he could go to college ended in plenty of advice, no money and a night in jail.

Larry D. Cook, 19, was picked up so police could investigate the letters he sent to names he had copied out of a library copy of "Who's Who in America."

Mrs. J. W. Albright, Gettysburg, Pa., wrote to Lafayette police, asking them to check Cook's record to see whether he was worthy of college help.

The youth said he had sent out 800 letters asking "Could you please help me by donating a dollar or two? Please help me become a teacher."

LAOS PEACE TALKS COLLAPSE

Rusk Urges OK To New Foreign Aid Program

Long-Range Proposal Would Have Minimum Of Strings Attached

WASHINGTON (AP) — Secretary of State Dean Rusk urged Congress today to create a single agency to handle long-term foreign aid with a minimum number of strings attached.

Rusk told the House Foreign Affairs Committee that he was presenting the administration's new assistance program with an added sense of urgency because of President Kennedy's broadcast report Tuesday night on his trip to Europe.

Rusk also asked for a clear separation between military aid and assistance for economic and social development.

In his dollar figures and the rest of the program, Rusk went down the line with the outline presented by Kennedy in his foreign aid message.

Committee Chairman Thomas Morgan, D-Pa., estimated the amount required to carry out the President's requests next year at \$4,535 billion.

Rusk laid emphasis on the proposal for authority for the administration to borrow \$900 million from the Treasury in the year starting July 1 and an additional \$1.6 billion in each of the four following years, for loans on long-term projects.

Tied in with this borrowing proposal was a request to permit the new International Economic and Social Development Agency to re-lend payments of both principal and interest on past loans. Such funds are estimated at \$287 million next year with an average of around \$300 million over a five-year period.

Because of "the greater uncertainties of the times," Rusk asked Congress to boost the President's foreign aid contingency fund from \$175 million to \$500 million.

For military assistance, he asked appropriations totaling \$1.885 billion for next year and authority to draw up to \$400 million from Defense Department stockpiles and facilities to speed military growth in threatened countries.

The program outlined by Rusk calls for the merging into a single agency of the International Cooperation Administration, the Development Loan Fund, the local currency lending activities of the Export-Import Bank, the food-for-peace program, and related services now provided by the Department of State and other agencies.

The head of the new agency would rank as an undersecretary of state.

Tarlton Man Is Injured In Car Crash

A Tarlton man was injured at 7:53 a. m. today as his auto went out of control on a curve two miles south of Tarlton on the Tarlton - Adelphi Road.

Forrest Kneec, 37, was taken to Berger Hospital where he was treated for a fractured right arm and shoulder injuries. He was released following treatment.

Pickaway County Deputy Sheriff Neil Childress said that Kneec's car went out of control on the curve, skidded into the ditch, knocked down two utility poles and ripped out about five rods of fence.

Deputy Childress said the auto was demolished.

Kneec was cited into Circleville Municipal Court to face a charge of no operator's license.

Famed Psychiatrist Jung Dies in Zurich at 85

ZURICH, Switzerland (AP) — Dr. Carl Gustav Jung, 85, famed scientist-philosopher and one of the founders of modern psychiatry, died Tuesday of a heart attack. He was an early associate of Sigmund Freud but years ago broke with the Freudian school of psychiatry. He was primarily a neurologist who worked in the field of psychiatry, redefining many of its basic concepts. He was born the son of a Swiss clergyman in Kesswil.

Kennedy Says War Chances Lessened By His Conference with Khrushchev

WASHINGTON (AP) — President Kennedy says neither he nor Soviet Premier Khrushchev won a victory over the other at Vienna, but chances of war should be less now that each leader knows better where the other stands.

Kennedy reported this to the American people Tuesday night in a 23-minute radio-TV speech in which he talked "candidly and publicly" about "a very sober two days" with Khrushchev.

In balance, the President found his first personal meeting with the Soviet leader "immensely useful"—even though, he said, a result was to expose more clearly the prospects of a long-term struggle between East and West.

On specific cold war issues, Kennedy saw some hope that his Vienna encounter would break the deadlock at the Geneva conference on Laos over Soviet refusal to grant cease-fire inspectors freedom to check violators.

But he said Khrushchev struck a "serious blow" at the lengthy Geneva talks on a ban on atomic tests. He hinted that the United

States, while not abandoning the talks, might soon feel free to resume testing.

"Our most sober talks," Kennedy added, were on Berlin, where Khrushchev wants to boot out the Western allies. Kennedy said he made clear America is determined to maintain its rights there "at any risk."

To any who might suspect secret deals, Kennedy added in reporting on his overseas trip:

"No advantage or concession was either planned or taken. No new aims were stated in private that have not been stated in public on either side."

"Generally, Mr. Khrushchev did not talk in terms of war," Kennedy said. "He believes the world will move his way without resort to force. Most of all, he predicted the triumph of communism in the new and less developed countries."

Denying this inevitability of the Communist victory, Kennedy appealed for national support of his \$4.8-billion program of foreign aid for the coming year, much of

which is earmarked for newly developing lands. "We have no more crucial obligation now," he said.

The youthful President spoke earnestly and soberly and partly without text as he recounted the high spots of his 9,120-mile week's trip to Europe from which he returned Tuesday morning.

He was most enthusiastic over his stops at Paris and London. There, he said, he accomplished his goal—"to strengthen the unity of the West."

During his May 31-June 2 visit with French President Charles de Gaulle, Kennedy said, "certain doubts and suspicions were removed on both sides."

The June 5 stopover in Britain on the way home, where Kennedy saw Prime Minister Harold Macmillan and the royal family, "was a strong reminder at the end of a long journey that the West remains united in its determination to hold its standards."

"But we are glad to be home," Kennedy concluded. "No demonstration of support abroad could

mean so much as the support which you, the American people, have so generously given to our country."

Congressmen of both parties joined in praise of Kennedy's unvarnished report. They generally agreed that little had been accomplished beyond putting Kennedy and Khrushchev on a first-hand basis for the future, but they figured this at least was a step forward.

In telling of his June 3-4 meeting with Khrushchev, Kennedy said in like vein:

"The gap between us was not in such a short period materially reduced, but at least the channels of communication were opened more fully."

"At least the chances of a dangerous misjudgment on either side should now be less, and at least the men on whose decisions the peace in part depends have agreed to remain in contact."

"Our views contrasted sharply, but at least we knew better at the end where we both stood."

West Angered By Continued Red Fighting

Geneva Conference Called Off with No New Meeting Booked

GENEVA (AP)—Angered by the fall of Padong, Western delegations today cabled their capitals to see if there is any point continuing the 14-nation conference on Laos following major Communist violations of the cease-fire.

W. Averell Harriman, chief U.S. delegate at the Laos conference, endorsed postponement of meetings after he had accused Communist forces of "blatant violation of the cease-fire in Laos."

The statement followed the Communist capture of Padong.

Britain's Malcolm MacDonald, who was to be chairman of the 14th session today, called it off. The British delegation issued a statement recalling it had "agreed to attend the conference on the clear understanding there would be an effective cease-fire throughout the negotiations."

No date for the next meeting was set.

The sessions began May 16, on condition that a cease-fire be firmly established in the Southeast Asian country.

MacDonald of Britain and Soviet Deputy Foreign Minister Georgi Pushkin, the two co-chairmen, agreed that there should be no meeting today. W. Averell Harriman, U.S. ambassador, made it plain to MacDonald in a private talk earlier that the United States did not want one.

The news of the defeat at Padong, though expected by some experts, shocked Western delegates.

Coming after the Kennedy-Khrushchev announcement in Vienna on the need for a effective cease-fire it seemed discouraging to Western officials.

One of them spoke strongly of "Soviet hypocrisy." It raised some doubt of U.S. willingness to go ahead with the conference at all until there is word from President Kennedy.

"We are aware of recent serious developments, including the fall of Padong, and our experts are now consulting," State Department press officer Joseph W. Reap told a news conference.

Reap was asked about news dispatches from Geneva saying that

Castro Ready To Negotiate

Tractor-Prisoner Swap Deal Moving

DETROIT, Mich. (AP) — The hour for action approached today in the offer to give tractors to Cuba's Prime Minister Fidel Castro in exchange for invasion prisoners.

Castro cleared the way in part Tuesday night by accepting the proposition in principle, though stipulating negotiations.

The prime minister's action, announced on the Havana radio, came approximately 12 hours before today's noon deadline given him for his reply. It followed a meeting of the Cuban Council of Ministers.

Castro also cabled the citizens "tractors for freedom committee" here. The contents of the cable, in Spanish, were not made public by the committee, pending a translation.

The citizens group, headed by Eleanor Roosevelt, President Walter Reuther of the United Auto workers, and Dr. Milton Eisenhower, educator and brother of former President Dwight D. Eisenhower, has offered to exchange 500 American tractors for 1,200 prisoners taken in the Cuban invasion attempt.

The Cuban government, in the radio announcement, thanked the committee for its "humanitarian act."

A language expert was called in by Solidarity House, UAW headquarters which is also committee headquarters, to translate Castro's message, addressed to Mrs. Roosevelt, Reuther, Dr. Eisenhower, and Detroit banker Joseph M. Dodge, treasurer of the committee. The four had cabled him last week.

A committee spokesman, after contacting Reuther in New York, said the committee would withhold comment until the cable was translated and a conference held.

At Havana, Castro stipulated that a delegation of the committee go to Cuba to negotiate with him. He suggested Mrs. Roosevelt or Dr. Eisenhower.

The Castro announcement on the Havana radio broadcast monitored in Key West, Fla., said the delegation would discuss not only details of the indemnification but also the number of prisoners to be involved in the exchange.

Ohio Methodists Hear Of Gain in Past Year

LAKESIDE, Ohio (AP) — The Ohio Conference of Methodists gained 4,721 members during the past year and now has 331,733 in 1,136 churches.

Church buildings, equipment and land increased nearly \$6 million in value, but average weekly Sunday school attendance dropped 1,563.

These were among statistics presented to more than 2,000 delegates at the opening of the conference's 23rd annual session here Tuesday.

U.S. Geared To Resume Nuclear Tests

WASHINGTON (AP) — President Kennedy is expected to announce soon a major turn in policy on U. S. atomic tests, long under a self-imposed moratorium.

Authoritative sources indicated the new policy, shaping up as a result of the apparent failure of the Geneva test talks, will be to resume underground U. S. nuclear explosions if this serves the national interest.

At the same time, these sources said, the United States would continue to attend the long-drawn-out Geneva conference as long as the Soviets want to talk there.

The United States would not necessarily proceed with A-blasts but would not regard itself as bound by a moratorium because the talks were still continuing, it was stated.

Kennedy hinted at a change in his speech Tuesday night reporting on his Vienna meeting with Soviet Premier Khrushchev. When he entered office the president promised to make one more sincere try at reaching a test ban agreement at the Geneva conference which started in November 1958. The Soviets rebuffed western proposals this spring.

Kennedy said no home emerged from his talk with Khrushchev. Rather, he said, the Soviet leader made clear his insistence on a Red veto for test ban control machinery and other conditions unacceptable to the West. Kennedy said the Geneva negotiations "appeared futile."

French Priest Killed

Navy Grads Hear Address By President

ANNAPOLIS, Md. (AP)—President Kennedy today told the 1961 graduates of the U.S. Naval Academy they must be prepared for leadership in a troubled world.

"The battle for freedom takes many forms," Kennedy said. "Your devoted assistance is needed as never before."

Kennedy received a standing ovation when he arrived at the field house, where the graduating exercises were held, and again when he was introduced by the academy superintendent, Rear Adm. John F. Davidson.

After his speech, Kennedy handed diplomas to the honor graduates, headed by Jerome F. Smith Jr. of San Diego, Calif., who ranked No. 1 among the 785 receiving degrees.

Only the top 95 had the distinction of receiving their diplomas from the President's hands.

Kennedy was introduced by Davidson "as our commander in chief, the President of the United States," but the President referred to himself as "a retired civilian officer."

Kennedy, a World War II PT boat hero, remarked that he never reached the physical and professional perfection that would cause anyone to mistake him for an academy graduate.

Immunization Eyed As Curb on Cancer

SEATTLE, Wash. (AP)—Rare and mysterious cases where cancer suddenly disappears may hold the key to immunization against some forms of the disease says Dr. John W. Cline of San Francisco.

Dr. Cline, president of the American Cancer Society, told newsmen Tuesday shots prepared from blood of persons who have experienced a spontaneous regression of cancer have helped victims of the same type of cancer.

The shots caused much of the cancer to disappear and the remainder to change character.

Board of Education Sets Policy on Retirement Age

Setting a policy on retirement age of teachers and employees was included in business conducted last night by the Circleville Board of Education.

The board set 70 as the retirement age, with the understanding that one-year renewal contracts could be granted in case no replacements could be obtained. The rule applies to both teachers and school employees.

A policy also was established to handle kindergarten classes here due to excessive registrations. Twenty more students than anticipated have registered at Atwater School.

In view of this situation, the board said late registrants will be assigned to Franklin St. School, while new and tuition pupils will be

placed on waiting lists. It was recommended that students from Dunkel Road, Walnut Creek Pike and old Route 23 be enrolled at Franklin St. School.

OTHER business included the assignment of Paul Sarchet as 8th grade basketball coach and Paul Smith as 7th grade coach. Sarchet was the 8th grade mentor last season.

The board appropriated \$1,394 for repair of furnaces at Wayne Twp. School. It also was decided to decorate three downstairs rooms and install new steps at High St. School, along with improvement of audio-visual equipment.

No action was taken on a request that the board appropriate money toward the Circleville Youth Baseball program.

Local Men Held for Jury

Two local men were bound to the Pickaway County Grand Jury today in Circleville Municipal Court on charges of destroying private property.

Kay Roger Lowery, 19, of 145 Lowery Lane, and Donald Harshman, 18, Lowery Lane, were bound to the jury under a \$500 bond each, set by Judge Sterling Lamb.

The duo was charged with damaging a motor starter, a canvas, hydrant hose, and wrenches belonging to William Hildenbrand and Forrest Moore. They pleaded guilty to the charges.

The extent of damages was set at \$124 by the owners.

Both Lowery and Harshman were apprehended by Deputy Sheriff Dixie Watters. The incident occurred at 3:15 p. m. Friday.

City Mayor Offers 'Best' to Ted Lewis

Mayor Ben Gordon last night placed a telephone call to New York City to offer Ted Lewis best wishes on his 70th birthday.

Mayor Gordon earlier had sent the noted local musician a specially decorated badge designating him "honorary mayor" of Circleville. The token was received in high esteem, the mayor said.

According to Mayor Gordon, Maestro Lewis is in fine health. The famous Circleville son is scheduled to open an engagement Friday in Indianapolis, Ind., then head on south for further appearances.

Ted told the mayor he has a new show lined up for the coming season.

Country Club Plans Pre-Teen Picnic

The Pickaway Country Club will hold a pre-teen weiner roast from 6 to 8 p. m. Saturday on the Club's picnic ground.

Members from ages 9 to 12 are invited. Reservations should be made by tomorrow by calling Mrs. J. Grinewich GR 4-4821 or the Country Club GR 4-4788.

The Light Side

Wisdom comes with age. John G. Boggs, 138 W. Union St., well-known retired farmer, was guest of honor Tuesday at Paul's Dairy Store in observance of his birthday.

One of the celebrators asked, "John, how does it feel to be 77 years old?"

The guest of honor replied, "I don't know; I've never been that old before."

Board members then acted to give final approval to the new precinct boundaries.

West Angered

(Continued from Page 1)

Western delegations, angered by the violations of the cease-fire, had cabled their capitals for new instructions and to find out whether there is any point in continuing the conference.

Reap would not acknowledge that such a cable had reached the department. Other officials said the U.S. delegation is sending a great number of cables, but they could not confirm that any of them advised leaving the Geneva conference table.

Nevertheless, high ranking officials said, the State Department considers the fall of Padong an unmistakable sign of Communist bad faith and a deliberate, uncoordinated flouting of the cease-fire agreement.

Padong fell under an all-out assault by pro-Communist rebels supported by heavy artillery. The tiny mountain village had been a symbol of government resistance—and of rebel violation of the cease-fire proclaimed five weeks ago.

An American military adviser messaged from the front that the Pathet Lao rebels laid down an extremely heavy barrage and then attacked with infantry.

The royal government forces estimated at 1,000—mostly tough Meo tribesmen—began falling back in the early hours of the morning to a new defense line.

The attack began Monday after a week of relative calm around the government-held village on a 6,000-foot mountain slope only 20 miles southwest of the rebel headquarters at Xieng Khouang.

Lt. Col. Vang Pao, the Meo commander of the Padong garrison, had charged that North Vietnamese troops were fighting with the Laotian rebels.

The rebels earlier justified their shelling of the village despite the cease-fire by terming Pao's forces "bandits."

Enemy shells raining on Padong were identified as from 75mm howitzers and Soviet-made 82mm cannon.

Mount Orab Trucker Held in Fatal Crash

GEORGETOWN, Ohio (AP) — Carl E. Conley, 27, of Mount Orab has been charged with involuntary manslaughter before Mayor Carroll Huns of that nearby community. Edward Boothby, 49, of Mount Orab was killed in a collision Tuesday with Conley's tractor-trailer.

Police said Conley reported his rig skidded on a wet curve on U.S. 68 at the south end of Mount Orab and hit Boothby's car. Boothby's daughter, Kathy, 13, is in serious condition at the Cincinnati hospital from injuries received in the accident.

Council in Long Session Airing Various Legislation

City Councilmen came early and stayed late to handle a heavy agenda of business last night in the City Hall Chambers.

The city fathers, directed their attention to five ordinances, two resolutions, a storm sewer district descriptive letter, the second reading of an ordinance and other items of business.

One of the ordinances, pertaining to the Sewer District No. 2 project, was held to second reading (see story on page one).

Two ordinances dealing with fixing salaries and two with transferring money. All were passed.

ONE of the resolutions authorized Council to enter into a contract with the Burgess & Niple engineering firm to prepare plans for making Sewer District No. 1 facilities available to properties in the Walnut Creek Pike area which were recently annexed to the city. The resolution was adopted.

Frank Baum, Burgess & Niple representative, said the Walnut Creek Pike plans should be completed by next month. A small delegation from the newly annexed area were present at the meeting. They encouraged work to start as soon as possible.

The other resolution authorized an assessment to be stricken from the Sewer District No. 1 record. The action was taken after it was learned that lot No. 1785 was assessed twice, once under the Circleville Mission Church and once under the Pilgrim Holiness Church.

The Pilgrim Holiness Church presently owns the lot and was properly assessed following action on the resolution.

One of the salary ordinances fixed the pay of Council Clerk Robert Shadley at \$900 annually, to be paid at the rate of \$75 per month. His former salary was \$50 per month, the same amount he received when he started as an assistant clerk.

The other ordinance fixed the salary of Circleville Civil Defense Director Harry Timmons at \$200, to be paid at a monthly rate.

ONE of the money ordinances authorized \$4,449 to be transferred from the street and maintenance fund to the tools and equipment account of the Service Department for payment of a new 1½-ton truck and a new pickup truck. The other provided for transfer of \$550 from the contingency fund of the general fund to the control and maintenance fund of the city's traffic light system for needed repairs and installation.

An ordinance transferring money within the Water Department for the purposes of test drilling for water here was held to second reading. A motion for suspension of rules failed when Councilman Horn abstained from voting.

The ordinance requests approximately \$500 for test drilling in connection with the proposed Waterworks Improvement project here.

Baum presented a descriptive letter concerning the Northridge Storm Sewer District on behalf of Burgess & Niple. According to the letter, total cost of the job will be about \$67,998, with the city's share estimated between \$9,000-10,000.

Baum said the area in question covers about 78.3 acres, extending from the Nicholas Drive — Route 188 area southerly to Hargus Creek.

The lawmakers were told that about \$50,000 of the cost would come through assessments on benefited property owners. A further breakdown showed cost per acre would amount to about \$762 for the total project.

COUNCILMEN agreed that the McHenry Ditch located in the project area should be cleaned out under city authority, but only after

er permission has been obtained by the appropriate landowners. Owners will be contacted before any work is attempted.

Council is studying the project in an attempt to relieve flooding in the Northridge Road area. Solons were told at the last meeting that existing sewer facilities failed to handle surface water during the recent severe storms here.

The other business, members of the service committee said they had visited the Norfolk Ave. area where a request had been made for better drainage. They said plans are being made to ease the situation there.

A letter voicing complaint on

Jackson's Garage, W. Water St., was read by Clerk Shadley.

Four residents of the area attending the meeting said cars parked at the garage blocked their driveways. They also complained of excessive noise brought on by Jackson working late hours in the garage.

The Council said the matter will be referred to city police.

ANOTHER discussion centered on a letter from Long Ave. property owners who requested a sewer line be constructed in their area. The solons decided that the service committee should meet with the owners for a study of the problem.

Final business of the evening included an appearance by Melvin Thompson, operator of a local frozen custard distribution truck. He asked councilmen to restrict similar out-of-city operators who came here for business.

Thompson said he based the request on his effort to give Circleville better sanitary distribution of the frozen custard to enforce safety regulations as far as operation of the ice cream trucks are concerned.

Solicitor Kenneth Robbins informed Thompson that any operation of such ice cream trucks is in violation of a city ordinance. Council took no action on the matter.

Absent Councilman Harold Clifton was excused from the meeting which finally ended at about 11 p. m.

Motors Up, Stock Mart Mixed Today

NEW YORK (AP)—Motors advanced in a mixed stock market early this afternoon. Dealings were moderately active.

The Associated Press average of 60 stocks at noon was up .20 at 252.70 with industrials up .80, rails down .40 and utilities up .20.

Gains and losses of most pivotal issues went from fractions to about a point.

Gains by motors and a scattering of blue chips helped firm the average.

Steels were unchanged to slightly lower. Airlines, aircrafts and chemicals seemed to have a slight upside edge on balance while most other groups were thoroughly mixed except for ails which were unchanged to a bit lower.

Chrysler advanced well over a point while Ford was a full point higher. General Motors held a fractional gain.

Du Pont advanced more than 4 points.

American Viscose lost more than a point. Woolworth declined close to a point. Boeing edged off fractionally.

The Dow Jones industrial average at noon was up .15 to 703.94.

Corporate bonds declined and U.S. government bonds rose slightly.

Mary Pennington, Mr. Hosler Married in Lutheran Church

MR. AND MRS. MICHAEL HOSLER

Miss Mary Evelyn Pennington and Mr. Michael Frederick Hosler were united in marriage at 2:30 p. m. May 6, at the Trinity Lutheran Church.

The Rev. Carl Zehner, performed the double ring ceremony before an altar decorated with palms, gladiolas, chrysanthemums, carnations and snapdragons.

A seven branch candelabra and satin bows to mark the pews.

The bride is the daughter of Mr. and Mrs. Earnest Pennington, Route 4.

The grooms parents are Mr. and Mrs. Willard Hosler, 245 Sunset Drive.

Mrs. Karl Herrmann was organist.

The bride, escorted by her father, approached the altar in a gown of white tulle with an embroidered lace bodice with sequins and pearls.

Short sleeves accented the V back with a row of self-covered buttons. The floor length gown featured a bustle effect back and train.

A crown of pearl and rhinestones held her finger tip veil of illusion. She carried a bouquet of orchids, canations, lilies of the valley and orange blossoms with tulle and white satin ribbon.

Her only jewelry was a diamond pendant, a gift from the groom.

Miss Judith Laneir, served as maid-of-honor. She wore a shocking pink chiffon dress with matching band hat with a circle veil.

She carried a bouquet of dark wine cymbidium orchids with carnations and lily of the valley with blue ribbon and tulle.

Miss Maxine Pennington, sister of the bride, and Miss Saron Hosler, sister of the groom, served as bridesmaids. They were attired in identical pink chiffon over tulle

dresses with matching clip hats and circular veils.

They carried bouquets of cymbidium orchids and carnations, with pink satin ribbon and tulle.

Mr. Davis Hutzelman served as best man. Ushers were Gary Stair, Lauren Garman and Roger Koch, cousin of the bride.

For her daughter's wedding, Mrs. Pennington wore a navy blue lace and chiffon dress with navy and white accessories. She wore an orchid corsage.

Mrs. Hosler was attired in a beige lace dress with bone and green accessories. She wore an orchid corsage.

Following the ceremony, a reception was held in the Lutheran Parish House. Snapdragons, chrysanthemums, carnations, palms and boston fern surrounded the five tiered wedding cake placed on the serving table.

Hostesses were Mrs. W. S. Koch, Mrs. D. E. Gatwood, Mrs. Montford Kirkwood, Mrs. Manley Carothers and Miss Monna Wells. Miss Karen Hosler, sister of the groom, registered the guests.

For their trip through southern Ohio, Mrs. Hosler was attired in a green striped suit with green accessories.

The new Mrs. Hosler is a 1960 graduate of Circleville High School and attended Capital University. She is employed at Pickaway Arms.

Mr. Hosler is also a graduate of Circleville High School and attended Ohio State University. He is employed as a dispatcher for the Highway Patrol.

The couple is now residing at 157 Watt St.

Out of town guests were from Columbus, Chillicothe, Kingston, Lancaster, Wooster, Dunkirk, Mt. Sterling, Dolo and Tarlton.

Ater's Honored On Anniversary

A surprise party was given recently by Mr. and Mrs. Donald Metzler, Dunkle Road, in honor of Mrs. Metzler's parents, Mr. and Mrs. John Ater, Williamsport on their 25th wedding anniversary.

The evening was spent playing games and refreshments were served to Mr. and Mrs. Harold Sharpe and Linda, Williamsport; Eddie Ater, Ohio State University; Mr. and Mrs. Glenn Anderson and Judy, Clarksburg; Mr. and Mrs. Wendell Tarbill, New Holland; the Rev. and Mrs. L. S. Metzler, Mr. and Mrs. William Jordan and Mr. and Mrs. Frank Allen, Circleville.

Mr. Russell Stages Recital

Piano pupils of William K. Russell were presented in recital Sunday at the Kingston High School.

Those playing were Diana Shaal, Lois Hinton, Bob McAffee, Toni Downs, Kathy Boulger, Peggy French, Chris Monson, Mary Boulger.

Cindy Hildebrand, Connie Downs, Ann Boulger, Debbie Downs, Margie Buchwalter, Kathy Mitchell, Sue Cloud, Ann Schiff, and Becky Mitchell.

Emmetts WSCS Will Meet June 14

Emmetts Chapel WSCS will meet at 8 p. m. June 14 instead of today in the home of Mrs. Bernard Carle, Grove City. Mrs. Marvin Dumm and Miss Hazel Dumm will be assisting hostesses.

50TH ANNIVERSARY — Mr. and Mrs. Hudson Marshall Keaton celebrated their 50th Wedding Anniversary Monday. They were married June 5, 1911. The Keatons were born in Morgan County, Ky. but have spent most of their lives in Ohio and Pickaway County. They have seven children, 43 grandchildren and 14 great grandchildren.

Junior Women's Club Stages Installation Dinner Meeting

The Circleville Junior Women's Club held its Installation Dinner Meeting recently at the Pickaway Country Club. Devotions were given by Mrs. Jerald Herrell.

Following the dinner the business meeting was held. A ceremony initiating Mrs. Don Greenlee, Mrs. Leroy Slusser and Mrs. Ron Spence was conducted by the president, Mrs. Richard Pettit.

Patty Moats Reigns as Asbury Queen

MISS PATTY MOATS

Miss Patty Moats, daughter of Mr. and Mrs. Raymond Moats, Route 4, received the honor of Asbury Queen in Hedges auditorium on the campus of Asbury College, Wilmore, Ky.

For this honored occasion Patty wore a pastel blue silk organza floor length gown. She was escorted by Jim Heidenger, president of the Junior Class.

Patty is 1959 graduate of Pickaway Twp. High School and is now a junior at Asbury. She has enjoyed campus activities and served as treasurer of her class.

Asbury is known for high spiritual and scholastic standards.

Each year four girls are chosen to represent Asbury. These young women are chosen by their class for their outstanding leadership, scholarship and character.

Area persons attending this years event were Mr. and Mrs. Raymond Moats, Anita and Twana, Mrs. Clarence Peters and Mr. and Mrs. Arnold Moats.

Always cool baked tart shells before you add a filling.

In answer to roll call, members told of their plans for the summer. A variety of trips to various places in the United States were mentioned, and the plans of one member, Miss Carolyn Fudge, included a trip to Europe during the summer months.

Mrs. H. E. Pfeiffer, junior director of District VII, Ohio Federation of Women's Clubs, was a guest at the dinner and also conducted the installation ceremony held for the officers recently elected. The officers for the coming year installed by Mrs. Pfeiffer were: Mrs. Maynard Slack, president; Mrs. Donald Vogel, vice - president; Mrs. Earl Weaver Jr., recording secretary; Mrs. Jerald Herrell, corresponding secretary; Miss Carolyn Fudge, treasurer; and Mrs. Joe Brooks, historian.

Following the installation, Mrs. Maynard Slack was presented a president's pin and Mrs. Richard Pettit was presented with a president's pin.

As her first duty as president, Mrs. Slack appointed her committees as follows: Mrs. Donald Vogel, program; Mrs. Bud Whitmore, membership; Mrs. Earl Weaver Jr., public relations; Miss Carolyn Fudge, budget; Mrs. Robert Litter, Mrs. James Stallings, Mrs. William Ford, Mrs. Don Greenlee and Mrs. Ron Spence, ways and means; Mrs. Stanley Spring, parliamentarian.

Department Committee Chairmanships are Mrs. A. D. Page and Mrs. Wayne Smith, Community improvement; Mrs. Norman Kutler and Mrs. Earl Wolfe, conservation; Mrs. Robert Hendricks and Mrs. Edward Sward, education; Mrs. Richard Pettit and Mrs. Leroy Slusser, fine arts;

Mrs. Allan Berger and Mrs. Jacques Sweeny, home life; Mrs. Harry Turner and Mrs. Frank Wirth, international affairs; Mrs. John Payne and Mrs. William Hewton, legislation; Mrs. Robert Christy and Mrs. Robert Turner, public affairs.

The club has planned an annual picnic to be held at Litter's Lake August 19, for the club members and husbands.

The members ended the meeting with the singing of their Junior Pledge.

Dear Abby...

By Abigail VanBuren

This Is LOVE?

DEAR ABBY: I am in love with a man who treats me like dirt. The worse he treats me, the more I love him. I have broken up with him a dozen times, but I always call and ask him to forgive me even though he was the one who was in the wrong. I can't understand myself, Abby. I could have gone with many men who treated me like a queen, but I always go back to this no-good tormentor who gives me nothing but heartaches. This has been going on for six years, and I am almost 27. How can I kill a love that is killing me?

MISERABLE
DEAR MISERABLE: Your slavish devotion to a "no-good tormentor" is not "love." It's physical attraction, passion and the compulsion to punish yourself — all tightly bound together. Unless you want a life of misery, put this man out of your heart and mind. And pray hard for the strength never again to "love" a man you cannot like.

DEAR ABBY: Will you please do me a favor and wake up these young wives who are always running home to Mother for a visit? What are we young husbands supposed to do with our evenings? Sure, we love our wives, but we get lonesome. It's no crime to stop in a bar (after dinner alone) for a night cap. There are always some friendly gals there who will take the time to talk to us. I have seen some real nice guys get involved when they have had no bad intentions. And many marriages have gone on the rocks because of an affair that started just that way.

My mother-in-law has several

daughters and she is always cooking up some excuse to get them home with her. One of these days she is liable to have one (or

Cleric Arrested, Pickets Bardot Film

CINCINNATI (AP)—Police arrested a minister, seven other adults and two juveniles Monday night for demonstrating against Brigitte Bardot movies in a local theater.

The eight were charged with disorderly conduct on warrants filed by Mrs. Anna Parker, 24, manager of the Imperial Folies Theater, and Carol Berkmeier, 22, the ticket seller.

The Rev. Melvin Sharrock, 49, business manager and treasurer of God's Bible School, leader of the group, said the pictures are "against God's word and his creations."

The group sang hymns in front of the theater while the Rev. Mrs. Sharrock told an assembled crowd of about 100 that the two pictures are "filthy, lustful, dirty debaucheries."

Billy Graham Preaches Despite Throat Ailment

MANCHESTER, England (AP)—Physicians reported today that evangelist Billy Graham, who has been suffering from a throat infection, is standing up well to the strain of addressing his meetings.

He has not recovered his strength fully, but they said he is not bothered by his throat. He rests afternoons before the nightly meeting at the soccer stadium here.

Old Dog - New Tricks

Q. Is it possible for a person, say 50 years of age, to learn a foreign language?

A. It is said that, by the 50's, the learning of foreign languages is rare. During middle-age and beyond it is difficult for the memory to absorb and retain strange words. In addition, good hearing (which, even before 50, begins to lessen in sharpness) and tonal perception to strange sounds are necessary. The moral—learn your languages early!

Research \$\$\$\$

Q. Medical research is probably expensive, but don't you think this sort of spending is getting out of hand?

A. You be the judge. Last year in America the money spent for medical research on all diseases just equaled the sum spent yearly for dog food. We spend a little more money for medical research than for chewing gum, but not nearly so much as for greeting cards!

Tomato Juice—Stones

Q. I have heard that drinking tomato juice causes kidney stones. Is this true?

A. Many kidney stones are composed of oxalates, and tomato juice has a high oxalate content. Although this is no indication that drinking tomato juice will cause kidney stones, it would seem logical to avoid tomato juice if there is any tendency toward stone formation.

Killer Sharks Unpredictable

Q. Are all sharks dangerous?

A. A Cornell University zoologist says that of 300 species of sharks, the great White Shark, commonly referred to as the "man eater," is only one of about 30 species known to be dangerous to man. Sharks are unpredictable and it is dangerous to remain in the water when sharks are near. Areas along the coastline of the U.S. which are "prime shark territory" include the Gulf Coast, the East Coast from Florida to New York, and the coast of California.

Famed Shakespeare Professor To Retire, Go Out Lecturing

HOLLYWOOD (AP) — Most famous of the hundreds retiring from teaching this month is Dr. Frank Baxter, who refused to pull a tea cozy over his bald head and fade away like Mr. Chips.

The only resemblance between Dr. Baxter and Mr. Chips is that they were both good teachers. But Dr. Baxter is no ivy-covered ped-

ant. A man of infinite jest like Yorick, he has carried his zest for knowledge across the land through the medium of television.

For 31 years, Dr. Baxter's English classes have been one of the notable assets of the University of Southern California. In 1953, he enlarged his classroom for "Shakespeare on TV," a pioneering venture for the new medium. Since then, his TV lectures have garnered a harvest of awards, including seven Emmies.

Now 65, he is retiring from USC. All that remains of his academic career is correcting a set of final papers.

"No, I'm not sorry to be quitting," he said. "After all, I've

been at this teaching game for 41 years. That's a long time. I'll be happy not to have to get up early and fight the freeway traffic from South Pasadena three times a week. I won't miss correcting papers; undergraduate prose is not the most uplifting in the world.

"Oh, I'll miss certain things. Mainly it's the students. All of us in the teaching profession are vampires feeding on the blood of the young."

His future schedule sounds athletic. He has lined up lectures all over the country, starting this summer in Hawaii. He will start a 15-minute radio series on subjects of his choosing for Westing-

house, which has been seeking him for two years. "He will tape introductions for 'An Age of Kings,' the British-made series of Shakespeare's chronicles which will appear on TV throughout the nation. He may continue narrating the Bell Telephone science hours.

"I feel fit," he commented on the heavy schedule. "In some ways I feel like a man of 20, though the legs tell me differently."

Georgia Chieftain Warns 'Rioters'

ATLANTA (AP)—Rabble rousers, would-be rioters and the like have been warned by Gov. Ernest Vandiver against trying to stir up trouble when four Atlanta public high schools are integrated next fall.

Vandiver said Monday that although he was dead set against integration, "anytime the life or property of any citizen is endangered whatever forces that are necessary to preserve the peace

A total of \$4,204 was collected during May in fines and bond forfeitures by the Circleville Municipal Court according to a report from the court clerk today.

will be used."

The Atlanta Board of Education has approved transfers of 10 Negroes in the 11th and 12th grades to white schools. The desegregation was ordered by a federal judge.

"Unless the state of Georgia wants to secede from the United States and fire on Ft. McPherson, we'll have to obey that court order," Vandiver told a news conference.

In addition to the fines and bond forfeitures, \$1,920.45 was collected in court costs and \$99.50 was added to the treasury from parking ticket violators.

Disbursements for the month of May were: total due the city, \$4,439.65; total due Pickaway County, \$740.21; due auditor of state, \$999.39; Other miscellaneous disbursements ran the total to \$6,223.95.

The monthly report from the city court also included a breakdown of the case load. A total of 219 criminal cases were filed; 220 criminal cases were disposed of; twelve civil cases were filed and

disposition was made on eight. One marriage was performed for the month.

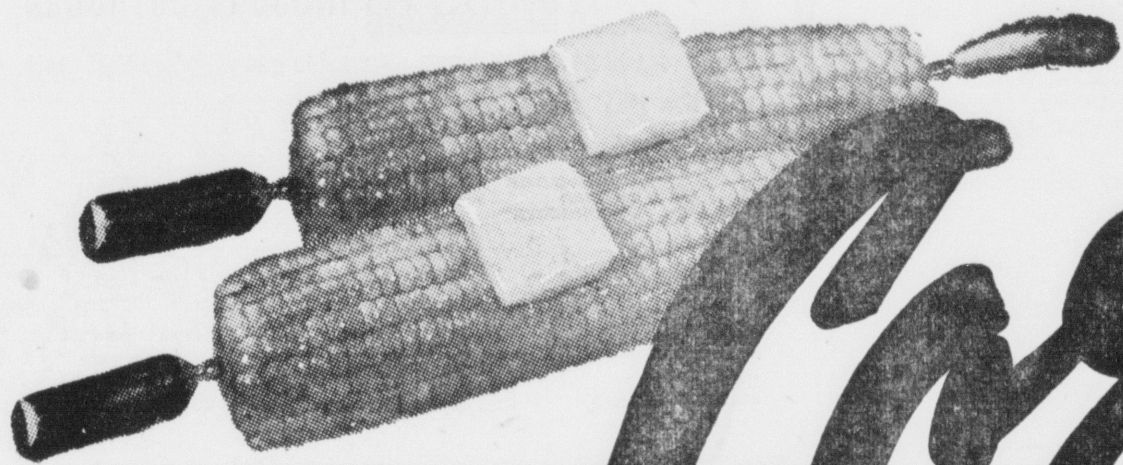

Kenton Slaughterhouse, Market Lost in Fire

KENTON, Ohio (AP) — A fire late Monday night destroyed the Sturgis Market, consisting of a slaughterhouse and supermarket, with damage estimated at \$150,000. Some livestock—beef and hogs—were lost as the two main buildings and associated barn were razed.

The blaze burned itself out early today, the fire department said, after firemen worked more than two hours to control the flames.

Ohio Assembly Tries Again To Override Veto

(Continued from Page 1)

One of two companion bills, hitting at numbers game operators, has been approved by both houses and signed by the governor. The third anti-gambling bill, which strikes at spot cards on sports events, was recommended out of the Senate Judiciary Committee Tuesday night and may come to a Senate floor vote next week. It already has House approval.

After a lengthy debate, the Senate agreed 25-9 to a bill lowering the evaluation of most personal property, for tax purposes, from 70 to 50 per cent of actual worth. Some personal property—used in manufacturing or agriculture—already is assessed at 50 per cent, and the proposed reduction of that now valued higher would be over a five-year period.

Sponsors of the bill, which goes to the House, contend it would not bring a drop in revenue to local governments because there has been a steady increase in personal property taxes.

The House was less receptive to a bill to require the marking of the outer edge of highways (outside communities with a strip of white reflective paint. The proposal was beaten, 68 no votes to 55 yes, after opponents said this is being done wherever practical.

And there was only one favorable vote to spare in a 71-59 House decision to allow industries a tax exemption for water and air pollution control equipment put in at their own expense. The bill goes to the Senate.

Representatives also acted on Senate-approved bills to:

Give the court authority to require motorists whose licenses have been suspended under Ohio's penalty point system to take new tests and show proof of financial responsibility when they become eligible to drive again (approved 127-0).

Authorize the Stark County Historical Society to lease part of the McKinley Memorial State Park in Canton for construction of a historical and industrial museum and planetarium (approved 115-0).

Increase the Motor Vehicle Dealers' Licensing Board from three to five members (approved 124-4).

The Senate acted on House bills to:

Allow drivers from other states who have valid operators' or chauffeurs' licenses to get an Ohio motorist's license without first getting a temporary permit, as long as they surrender their out-of-state license then they do (approved 34-2).

Extend the no-loss guarantee of the school foundation state aid formula to school districts accepting the entire territory of another school district or part of another district, and to new school districts, when these changes took place between June 30 and July 28, 1959.

Approved with emergency clauses that would make them effective as soon as the governor signs them, the bills provide about \$270,000 in aid to districts which lost benefits because of a time element in a previous bill enacted into law in 1959. They include:

Upper Sandusky Exempted Village, Metamora (Fulton County), Cadiz Exempted, New Richmond Exempted (Clermont), Indian Lake (Logan), Morgan Local and Jewett-Union Harrison.

WASHINGTON (AP) — The United States and the new secretary-general of the North Atlantic Treaty Organization will review in Washington next week the position of the defense alliance in the wake of the Vienna meeting between President Kennedy and Soviet Premier Khrushchev.

Dirk U. Stikker, NATO secretary-general, is scheduled to come to Washington June 13, officials said. This will be the Dutchman's first visit to the United States since he replaced Paul Henri Spaak of Belgium, earlier this spring.

Thomas K. Finletter, U.S. ambassador to NATO, will be in town for consultations.

Ironworkers Union Goes Out on Strike

FORT WAYNE, Ind. (AP) — About 240 members of Ironworkers Local 147 went on strike Tuesday, tying up construction projects in 21 northern Indiana and northwestern Ohio counties.

The walkout came after the Associated Building Contractors, which has headquarters here, made no new offer to a strike threat issued Monday.

Pickets marched at construction sites, and members of other unions refused to cross the lines.

The union wants a 50-cent hourly pay raise in a two-year contract, and the contractors have offered 10 cents in a one-year pact. Contract talks broke down May 31, and no new sessions are scheduled.

4 Firms Fined For Price-Fix

Makers of Resistors Slapped in U.S. Court

DAYTON, Ohio (AP) — Four firms and two executives were fined a total of \$101,000 Tuesday for price fixing in the sale of electrical resistors to commercial and military users.

Convicted by U. S. District Court Judge Carl A. Weinman and the amounts of their fines were:

Allen - Bradley Co., Milwaukee, \$35,000; Speer Carbon Co., St. Marys, Pa., \$25,000; Stackpole Carbon Co., St. Marys, Pa., \$20,000; and International Resistance Co., Philadelphia, \$15,000; and the two executives—Edward W. Butler, a Speer Carbon vice president, \$4,000, and George W. Vater, sales manager for Allen-Bradley's electronics components division, \$2,000.

The indictment, returned against the six defendants last January, defendants conspired to fix and maintain uniform prices for resistors being sold to both commercial and military users.

The maximum penalty in each case would have been one year imprisonment and, or \$50,000 fine.

Judge Weinman said the fines against the companies were based on their sales and the cooperation each gave with the government investigation.

Department of Justice attorneys said the four firms are the only makers of resistors in the United States, and they had total sales of \$43 million in 1959, the last year for which figures were available.

The defendants had entered "no contest" pleas and were found guilty by Judge Weinman.

Strong Resistance Is Heard To U.S. Aid to Church Schools

WASHINGTON (AP)—A strong push to add parochial school aid to the national defense education law was made here Tuesday and ran into strong resistance.

Two members of Congress and a Roman Catholic educator called church school aid necessary if the nation is to achieve educational excellence.

But a spokesman for a Protestant organization contended that such aid would lead to "all the intercreedal animosities and all the church-state brawls which have cursed Europe for centuries."

The views were given a House Education subcommittee considering President Kennedy's proposed extension of the defense education law, first enacted in 1958 as an emergency measure to accelerate U. S. education in science, mathematics and languages.

Reps. Herbert Zelenko, D-N.Y., and Roman C. Pucinski, D-Ill., who testified before the committee, have introduced amendments that would enlarge the aid parochial schools now receive under the law.

Church-related schools now can get 10-year loans to purchase equipment for teaching mathematics, science and languages. Pucinski suggested making the loans for 40 years and permitting construction of facilities for teaching the three subjects.

Msgr. Frederick G. Hochwalt, education director of the National Catholic Welfare Conference, said the law as it now stands discriminates against parochial school students, who comprise 13.8 per

cent of all children in elementary and high schools.

"In several critical respects," he said, "it sacrifices the national interest inherent in the full development of all children to a narrow concern with the development of public schools."

Msgr. Hochwalt called for including parochial schools in all loan and grant programs now limited to public schools under the act.

A rebuttal was presented by C. Stanley Lowell of Protestants and Other Americans United for Separation of Church and State.

He said the proposals "are a dangerous progression of benefits for church schools whose clear end is the transfer of the support of these sectarian institutions to the taxpayer."

HAILPI! HAILPI!—Lashed by several thunderstorms, Colorado Springs, Colo., found itself struggling through seven inches of hail on a warm June day. Some families left their homes next to streams as the water started rising from melting hail and heavy rains.

Jackie Omits Royal Curtsy

LONDON (AP)—Mrs. John F. Kennedy used an American-style handshake to greet Elizabeth II instead of the curtsy the queen ordinarily rates.

"Protocol doesn't call for a curtsy from the wife of a chief of state and government," was the explanation of Miss Pamela Turner, Mrs. Kennedy's press secretary.

Even so, the warm handshake in lieu of curtsy apparently startled some of the tradition-steeped guests at the dinner party given the Kennedys at Buckingham palace.

Ohio College Foundation Reports Gifts Increase

COLUMBUS, Ohio (AP) — The Ohio Foundation of Independent Colleges announced Tuesday it received gifts totaling \$1,001,022 from 1,282 firms during the year ending May 31.

The totals were up \$27,914 in 1960.

The foundation is made up of 32 independent colleges in Ohio for the purpose of seeking corporate gifts.

Air Expert Sees Reds Excelling in Transports

WASHINGTON (AP)—Stuart G. Tipton, president of the Air Transport Association, said today there is a likelihood that the Soviet Union may become the first country to produce a supersonic transport. Tipton, writing in the General Electric "Defense Quarterly," a publication of General Electric, Schenectady, N.Y., estimated the cost of developing and manufacturing passenger planes capable of flying three times the speed of sound at from \$12 million to \$25 million each, or two to five times as much as today's biggest jets.

Ad Men Challenged by Vice President

WASHINGTON (AP) — Vice President Lyndon B. Johnson today urged advertising men to find out why the United States seems to be lagging behind the Communists in projecting its image to the world.

Johnson said in a speech prepared for the Washington conference of the Advertising Council that this country has not put across to millions of people its

"desires and real objectives." "It is a sad but true fact," he said, "that our Communist adversaries have been able to convince many that humanitarian projects like Point Four are instruments of imperialism; the simplest moves to defend ourselves are moves of aggression; and honest and open-hearted efforts to secure arms control are merely intended to obscure issues."

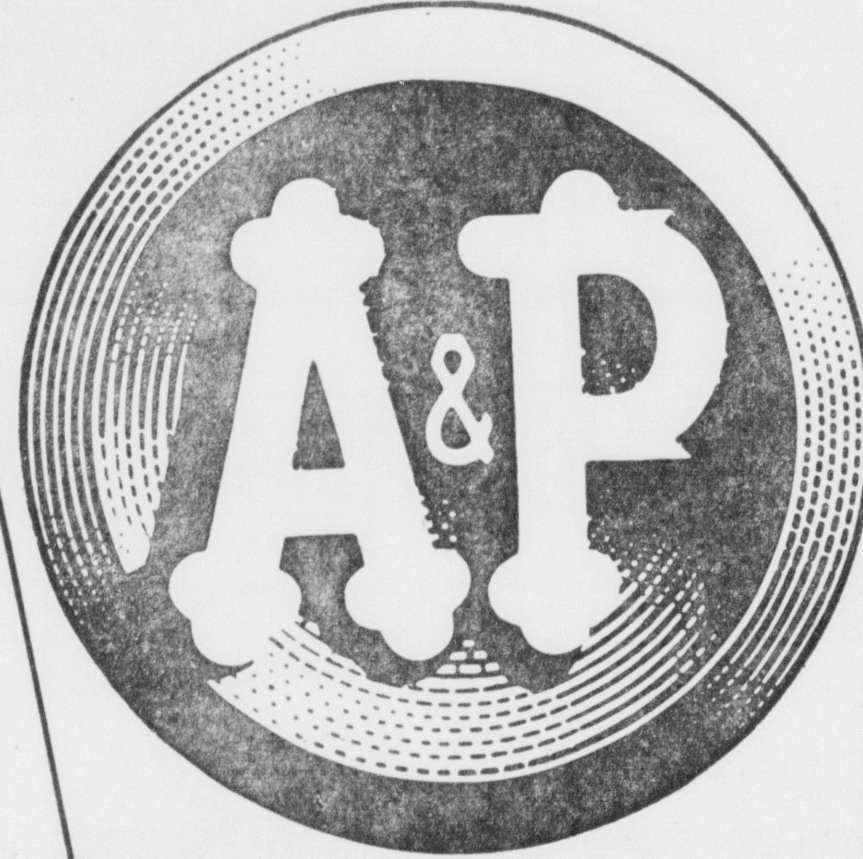

Trees Make Comeback
BOSTON (AP) — Forests have staged a comeback in densely-populated industrial Massachusetts. By 1850, only about 30 per cent of the state's 5 million acres were still covered with forests. Trees began their march back as agriculture retreated with the opening of the West. The latest survey shows trees cover 65 per cent of the area of the state.

The World Today

WASHINGTON (AP) — President Kennedy did not answer, in his nationwide TV broadcast, one of the most piercing questions in this country's whole problem of foreign aid.

It was this: Will the United States put pressure on backward and despotic nations to use American aid for the masses of their people up to the point of refusing any aid at all unless they agree?

Stories of corruption and the rich getting richer and the poor poorer in countries receiving American aid increase. Kennedy himself in his broadcast Tuesday night acknowledged where this leads when he said:

"If we are not prepared to assist them (the backward governments) in making a better life for their people, then I believe that the prospect for freedom in those areas are uncertain. We must, I believe, assist them if we are determined to meet the Communist invasion."

His broadcast, deliberately pitched in a low and somber tone, revealed nothing essentially new about his talks in Paris with President de Gaulle and in Vienna with Premier Khrushchev. The heart of his talk dealt with Khrushchev.

In this he did two things:

1. He made it clear he not only solved nothing with Khrushchev but that communism, counting on the unrest and discontent of the poverty-stricken masses in the backward countries, intends to try to win them over when it can.
2. Kennedy, having put the nation into the mood of realizing the long struggle ahead without any optimism except his personal belief communism won't win, then

made a pitch for the continuance of foreign aid.

Every year since 1947, when foreign aid was first proposed, there has been some opposition to it. There is now, when Congress is buckling down to the task of working on a new foreign aid bill.

By handling it the way he did—first the explanation of tough days ahead and then his explanation of how foreign aid is needed to block Red expansion—the President was actually making a pitch for broad public support of aid.

This, for Kennedy, would probably take its most satisfactory form in letters to Congress.

But he didn't indicate whether such aid will continue to be shoveled out to backward countries whether or not the strongest bulwark against a Red take-over—benefits to the masses—is insisted upon.

Everywhere around the globe here reactionary regimes hold power and receive American aid but don't rally provide for mass benefits this is the reality:

Sooner or later the revolutionary tide sweeping the world will wash them aside. Unless they are willing to share some of their wealth—such as distributing some of their land to the poor—their end will be sooner.

Without American aid, their end will be much sooner. They have nowhere else to turn for support except the United States. The Communists would make short work of them if they moved in and took over.

This puts the United States in the position of being able to put the screws on them to start reforms fast. Just how willing the Kennedy administration is to do this remains to be seen.

The President didn't talk about it Tuesday night.

May Auto Sales Top Previous '61 Months

DETROIT (AP)—The nation's auto dealers sold more new cars in May than in any previous month this year. The daily selling rate also was the highest of 1961.

The five automakers reported Monday that May sales totaled 537,825 cars with a daily sales rate of 20,688.

Last month's upturn failed to match the pace of May 1960 when sales totaled 566,650 and the daily rate was 22,665.

Ailey Cat Gets Divorce Spotlight

FREMONT, Ohio (AP)—A plain alley cat was the center of a court controversy here Monday. It was the one major item in a divorce hearing on which agreement could not be reached.

So Common Pleas Judge Robert J. Gabel had to make a decision.

Sandra Burmeister, seeking a divorce from Roland W. Burmeister, told the court agreement had been reached on settlement of property, but that she and her husband could not agree on custody of the cat.

The judge, after being assured the split was a serious one, decided that since the woman in the family usually spent more time at home and thus was with the cat more often, she should have it. So he ruled that way, not even granting the husband visitation rights.

Stiffer Penalties On Bombers Coming

WASHINGTON (AP) — The House has passed a bill clarifying and stiffening penalties for false information about bombs on airplanes.

The bill sent to the Senate Monday was requested by Atty. Gen. Robert F. Kennedy who says too many airplane bomb hoaxers have been acquitted by juries when they said they were just playing a practical joke.

The attorney general's bill specifically provides punishment for practical jokers—those who give false bomb information knowing it to be false. Maximum penalty would be a \$1,000 fine or a year in prison.

Another section would provide a tougher penalty for anyone who gives false bomb information maliciously "or with reckless disregard for the safety of human life." The penalty would be a \$5,000 fine or five years in prison.

COLUMBUS, Ohio (AP)—State Treasurer Joseph T. Ferguson Tuesday reported payment of \$199,280 under a surety bond for defaulted cigarette taxes of the Sharwell Tobacco Co., Columbus.

The Maryland Casualty Co. paid the claim filed by Ferguson after the tobacco firm went out of business and defaulted on tax payments.

400 Boys Will Chase 1961 Youth Baseball Flags

Board Employs Two Directors

Supervisory Posts Given to Teachers

Summer Youth Baseball Program officials, elated by the support given the recreation group, have employed two men, both teachers, to direct the daily administration of what is predicted as a "banner season".

Roger Bennington, familiar to Circleville diamond enthusiasts as director of the program three years ago, is teamed with first-year man Bob Wellington in handling the day-to-day operation of the Little and Babe Ruth Leagues.

Both are local men. Bennington is a science instructor and baseball coach at Westmoor Junior High School in Columbus. Wellington is the speech and hearing therapist for all Circleville City Schools.

Officially, the pair assumed their duties at the start of the opening games Monday. Actually, however, the two men have been preparing for the season in their spare time for the last month.

THEIR pre-inaugural game activities included inspecting equipment to be used this year and recommending replacement of unusable material to the corporation's board of directors.

They also spent many hours of time signing up adult umpires for the season and arranging schedules for the arbitrators. In the warm weather last week, they conditioned the five city diamonds to be used for Program competition this summer.

"Basically, our duties are those connected with the physical operation of the leagues. The board of directors handles long-range policy planning," Bennington commented.

The two also stated that "if we obtain as much sportsmanlike conduct from adults as we have so far from the players, this should be an outstanding year for the Youth Baseball Program."

The men receive \$500 each from the Program corporation for their services.

Bennington and Wellington will be directing an expanded program this year, with the addition of two Little Major League and three Babe Ruth Minor League squads.

THE TWO loops will operate their regular seasons in June and July. Post-season tournaments are slated early in August. The regulation schedule was decreased this year to permit completion of the playoffs prior to the inception of pre-school activity.

Heading the growing program are: Roy Parmer, president, J. I. Smith III, secretary and treasurer; Blenn Stevenson, vice president for Little League; Emmett Dade, vice president for Babe Ruth League; Chet Iery, BRL player agent; and Lee Smith, Little League player agent.

All of these men, with the exception of Iery, are members of the corporation's board of directors. In addition, Mrs. Dade, Mrs. Iery, Mike Harrison, Paul Smallwood and Al Gabriel serve as directors.

The Little League division is set up to include boys 7 to 12 years old. Babe Ruth age limits are 13 through 15. Major league teams are limited to 15 players. There is no limit on the number of team members on the minor squads.

The latter provision permits many boys to participate in the summer program that might otherwise be excluded.

PROSPECTIVE players are given the opportunity to try out prior to the opening of the season, and an annual "player auction" is conducted. At that time managers may bid by a point system for players they wish to obtain.

Boys on a squad from the previous year are automatically returned to it and do not have to try out. Boys registering past the deadline for tryouts are assigned by the league's player agent to the various teams.

These procedures are the same in both the Little and Babe Ruth Leagues.

All managers, assistants and other officials connected with the program — except the two supervisors — are volunteer, unpaid workers.

The entire Summer Youth Baseball Program is chartered as a

'The Best Is Yet To Come' Forecast for Little League

By RON COFFMAN
Herald Sports Writer

Preliminary sparring and maneuvering for playing talent concluded, 17 Little League squads in the Summer Youth Baseball Program set down to do battle in earnest this week.

League titles are at stake but, more important, a full two months of supervised recreation is on tap for 200-plus 7-12 year-old boys.

Here are comments by the men most "in the know" on the round up of chances for the young athletes — the team managers:

MAJOR LEAGUE

RAISTON PURINA— This squad placed third last year in a field of four. It has the same manager back in Eddie Dumm, assisted by Melvin Leasure.

"We had a poor first half — season last year and a good second half. Six boys are returning and each did a good job for us last year."

"Billy Hill and Doug Pontious, both 12, and Jeff Steele, 10, look to be excellent prospects for this season."

"We won all of our practice games. The pitching staff is excellent, but we need to work on our hitting. It is just so-so," commented Dumm.

AMERICAN LEGION — This is one of two new teams in the major circuit. All 12 boys now on its roster were obtained by manager Carl Radcliff and assistant Leonard Coffland in the pre-season player auction.

There are six 12-year-olds on the team, three 11's and a trio of 10-year-olds. The squad boasts a strong defense and solid hitting. Infield defense is uncertain.

"George Speakman and Jim Moorehead are 12-year-olds who work well at first base and on the mound. Tim Huffman, 11, is a sturdy receiver and 10-year-old Frank Carter looks good at shortstop," Radcliff noted.

BINGMAN DRUGS — Managed by Eddie Watson, this is the other new outfit in loop competition. All 15 players were obtained in auction. They include seven 12's, six 11's and two 10-year-olds.

"These boys have shown tremendous spirit," said Watson. "Each of them has attended every practice session I've called. Once we iron out some kinks I look for a good second-half season," he continued.

THE HERALD — This squad showed well in pre-season training after a rugged campaign in which they dropped but one win, finishing last in 1960. Seven players are returning.

Roy Parmer has taken the managerial reins of the team after three seasons as a minor league manager. He is assisted by Joe Gibbs.

"Our boys — seven 12's, six 11's and two 10's — have spirit and we see ourselves as contenders," Parmer said.

"Four 12-year-olds — Dan Gibbs, Mac Bethel, John Young and Darrell Bass — give us strong infield ability."

BPOE — The Elks squad enter the 1961 flag race as the league's defending champion. They were hurt by boys reaching the age limit, but still have 10 coming back from the titleholders.

The team includes seven 12-year-olds, six 11's and a duo of 10's. Manager Blenn Stevenson rates his charges a "fair chance" to repeat their crown performance.

Kenny Palmer, first base, Butch Watson, shortstop, Bob Dean, pitcher and Ted Herron, second base, are all front-line players. All are 12 and have been with the squad four years.

COCA COLA — Squad is managed by Cecil Pritchard, assisted by Bob Barnes. It included eight players from last year's runnerup team and seven new members.

The outfit is in the enviable position of having a trio of strong hurlers ready for duty. These are Steve Dade, Dale Byrd, and George Hill.

The team is made up of seven 12-year-olds, five 11's and three 10's. "We've defeated the Elks in practice and if our pitching and defense hold up, we'll be in the championship battle," Barnes stated.

MINOR LEAGUE

JAYCEES — Coached by Bill Ankrom and John Wright, the Junior Chamber nine enters the new

non-profit corporation and relies upon private subscription and public appeals for financial support.

campaign as defending loop champions. They registered an unblemished 18-0 won-lost slate last season.

Eight boys are returning to the 15-man squad and only one is 12. Nine are in the 8-and-9 age bracket.

"We lost a good pitcher to the majors, but have several solid hitters. Our defense is rough at present," Ankrom said.

BLUE RIBBON DAIRY — The team is rebuilding after a 3-15 season. 18 boys are managed by George Hamrick and Charles Anderson.

"They are long on desire and we're working on basic plays," Hamrick commented.

In his second season as mentor, Hamrick has a young group to mold. Most of the players are eight or nine.

WARD'S MARKET — Forrest Brown, in his second year, manages the team, assisted by Dick Toole. Of the 20 boys, seven have seen previous league action.

It is a well-balanced squad, of "undetermined quality" according to Brown. He is drilling on fundamental ball-handling routines.

"We will play games one at a time and try to overcome last year's pitching difficulties," the coach pointed out.

ROTARY — With an exceptional 9-year-old hurler in Gary Dumm and good early hitting, the team is out to better its 8-10 mark of last year.

Charles Walters and George Helwagon have 18 boys to work with, and a quick-glove infield crew.

CIRCLEVILLE OIL — A trio of new coaches direct this team, Willard McConaughy, Charles Allison and Ted Young.

"A lot of 8-and-9 year-olds fill the ranks of the 19-boy outfit. Basically the club is rated "solid" by its mentors.

"Pitching needs to improve, but we are quite optimistic about our chances. Each boy wants to play," McConaughy noted.

THIRD NATIONAL — Lewis Shauck is in his third year at the helm of this club, aided by Don Coates and Dick Compton.

A good infield combination highlights the team's effort to advance from their last year's third position finish.

The 16 boys are a "willing group" according to Shauck. The mound staff hasn't yet reached expectations.

FIRST NATIONAL — Bill Thomas, first-year pilot and Hal Maskery, co-manager, are hoping for family assistance in building the club.

"We would like the boy's families to practice with them on basics if they have an opportunity," Thomas said.

Two steady pitchers are on call for the mentors and the batting has "held up well" in early practice.

SAVINGS BANK — This 16-player team is directed by Willard Congrove. There is hope for steady improvement as the season advances.

Congrove's unit is another of the young clubs and plans to concentrate on fundamentals during the season's early stages.

SECOND NATIONAL — Don Humphrey is starting his first year with a club that "seems to just honestly enjoy" playing ball. The team has 17 players, most in the 8-9 age group. Hitting "looks promising" according to the mentor, but "Our pitching shows a good deal of wildness. We are slowly correcting that."

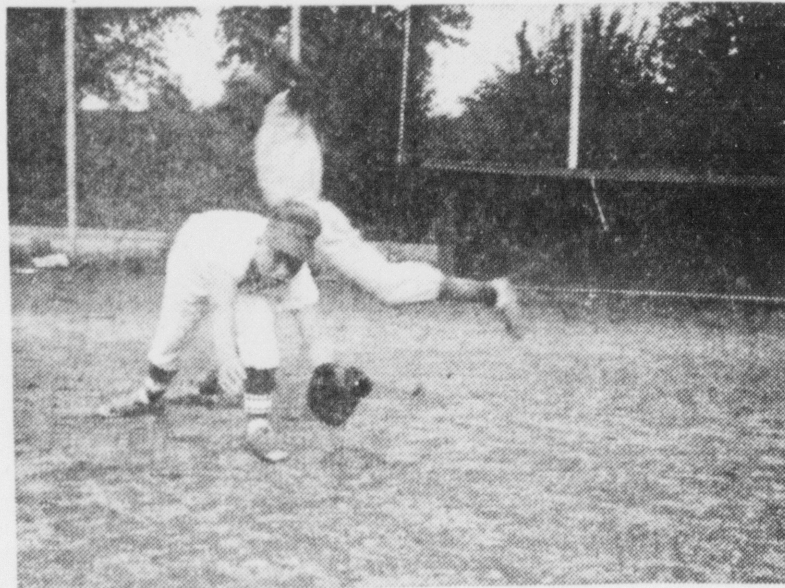

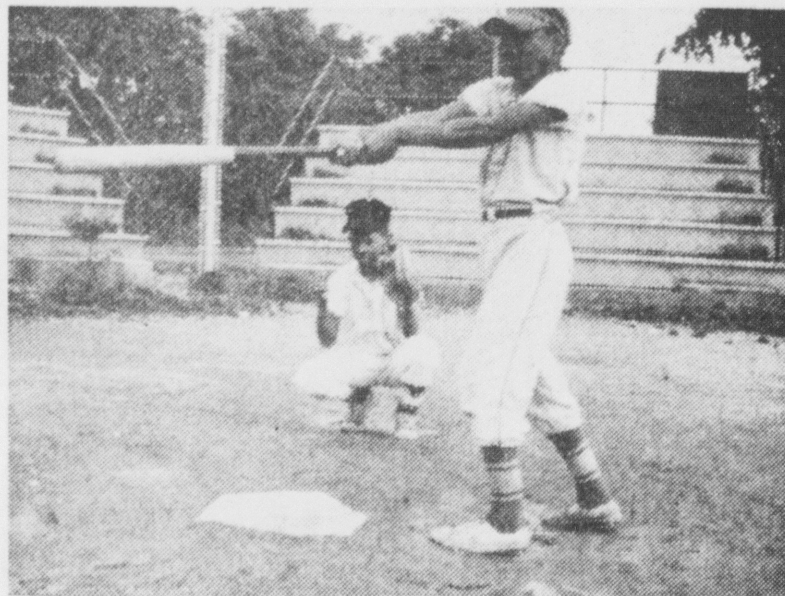

IOOF — A new team in the circuit, the 18 boys should "strike about an even won-lost season" by manager Rev. Floyd Adams estimation.

Merle Bethel and Mike Harrison help with coaching duties for a team that "will try to play all of the boys frequently."

A well-rounded club, defense is its strong point. Rev. Adams urged parents to attend games when their boys play.

TARLTON MERCHANTS — This unit joined the loop late. It is reported to be a potent club at bat, with better-than-average strength throughout the lineup.

It will play a full schedule against teams from Circleville.

THE SWING... AND RUN — Steve Dade displays his offensive prowess in a recent Little Major League warmup at Ted Lewis Park. Slugging the ball before catcher Darryl Bass can handle it, Dade leaps safely to first before defenseman Craig Lambert can haul in a low across-the-diamond throw.

Babe Ruth Loop Opens Year Fielding Three New Squads

The Babe Ruth League unit of Circleville's Youth Baseball Program swings into play this year sporting the addition of three squads comprising a new minor league section.

Here is a listing of the teams in contention for the BR minor crown, with comments by their managers:

THIRD NATIONAL BANK — One of the trio of squads in the new minor loop. Managed by Marshall Winner, a veteran of two years in Little League coaching slots.

The team obtained 22 boys in the auction, 10 are 13, 11 are 14 and one is 15.

Defense is the forte of the team, with fair pitching and developing hitting strength. Winner promises that "This group will not be counted out of the pennant race."

SAVINGS BANK — Robert Willis makes his inaugural as a pilot this year. He has 18 players at his command.

"We need plenty of practice

to smooth out play patterns," the freshman mentor noted. He added, "We will probably have a potent offense, with fair defense."

The manager labeled Jerry Cole, Bill Huffman, Rick Shaw, Larry Sykes and Lewis Jordan as players to watch.

BUTCH JEWELRY — First-year coach Bill Brungs heads a squad of 18 boys (14 from auction and four assigned by the player agent). He is aided by Kermit Hedges.

Brungs stated that his team will field five good pitchers and a "strong defense, both infield and outfield."

He added, "If the boys play to the full, we should be in a contending spot for the championship."

The Butch aggregation includes seven 13-year-olds, eight 14's and a trio of 15's.

Rainouts Reset, June Games Announced in Youth Leagues

With diamonds awash from sudden heavy rains, Babe Ruth and Little League contests slated for Tuesday night were rescheduled.

The IOOF squad will clash with the Junior Chamber of Commerce nine at 10 a. m. Saturday at the South End field in a Little League minor division encounter.

Other games reset for 10 a. m. Saturday are:

Ralston Purina vs. The Herald in a Little Major League scrap on the LL diamond at Ted Lewis Park;

Elks vs. Coca-Cola in another Little League major loop tussle at the Ted Lewis Park softball field.

THE CHAMBER of Commerce-sponsored Babe Ruth League group will host the Kiwanis squad in a major division tilt Saturday, July 8, on the Lewis Park softball diamond.

Ashville's Bronco Boosters Babe Ruth major outfit has several contests slated this month at home against Circleville visitors. These are:

June 15, GE; 20, Chamber of Commerce; 30, DuPont.

The Tarlton Merchants of the Little Minor League are listed as hosts to:

June 16, 3rd National Bank; 19, Rotary Club; 27, 1st National Bank.

The publication of schedules for all leagues for the rest of the season will be completed as quickly as space limitations in The Herald will permit.

Contests will be played during the weeks at Ted Lewis Park, the Southend Playground, and at 7 p. m. under the lights at Lewis main field.

SEVERAL matches will be played later on the Pickaway County Fairgrounds fields.

Fans viewing games at Ted Lewis Park will soon enjoy the luxury of seeing the score computed on an electric board recently purchased by the park board.

The board has illuminated figures for each inning and team totals. Installation is expected to be completed within the next few days.

Here's the list of June games to be played at Ted Lewis Park, main diamond, at 5 p. m.:
13, The Herald vs. Elks (LL major);
14, Cville Oil vs. 1st National (LL minor);
15, Savings Bank vs. 3rd National (BR minor);
16, Bingham vs. Purina (LL major);
17, BR minors vs. Kiwanis (10 a. m.);
18, The Herald vs. Legion (LL major);
20, 3rd National vs. Savings Bank (LL minor);
21, IOOF vs. 1st National (LL minor);
22, Coca-Cola vs. Elks (LL major);
23, Cville Oil vs. Rotary (LL major);
24, BR minors vs. DuPont (10 a. m.);
26, 3rd National vs. Savings Bank (BR minor);
27, The Herald vs. Bingham's (LL major);
28, 3rd National vs. Rotary (LL minor);
29, Savings Bank vs. L. M. Butcher (BR minor);
30, Elks vs. The Herald (LL major).

2-under-Par Tally Is Enough To Top Champion Palmer

CHICAGO (AP) — If you competed in National Golf Week and netted a 2-under-par 18-hole score or better, you can say today that you beat Arnold Palmer.

The week was climaxed Tuesday when U.S. Open champion Palmer defeated PGA tiddler Jay Hebert, 69 to 73, over the Olympia Fields north course, scene of the National PGA Tourney July 27-30.

In the round of champions, Palmer was 34-35 against par 35-35 for the 6,722-yard course. Hebert had 37-36.

Players throughout the country who contributed \$1 to the National Golf Fund have the one-under-par 69 as their target. On the basis of handicaps, they can get a PGA medal if their score, on the course of their choosing is 2 or more strokes under par.

The scores are certified locally and forwarded to Golf, Ill., home of the Western Golf Association, for processing.

Builders Help Youth Squads

Local Firms Give Trucks, Supplies

Among the many contributions of time and labor volunteered in behalf of the Summer Youth Baseball Program were two on a grand scale by Circleville contractors.

The C. F. Replogle Co. donated the use of its trucks and drivers whenever they were needed to transport supplies to any of the Program-operated fields.

The J. Boyd Stout Construction Co. also made tracks available to Program workers. In addition, the Stout firm contributed several tons of soil and sand for use in reconstructing and improving the diamonds.

Roy Parmer, president of the Program, expressed his thanks on behalf of the athletic group's board of directors for the hours and material contributed by the two businesses in making the local baseball youth league program a success.

PARMER also extended the corporation's appreciation to the many volunteer adults who have worked in the program at all levels.

"We have been extremely fortunate to have the services of such a dedicated group of officials, managers, park personnel and particularly parents."

They have given many hours of their time without compensation to provide recreation for Circleville youth. We owe them a great deal," Parmer added.

Longest-price horse ever to run in the Preakness was Powhatan Farm's Michore in 1958. He was 228 to 1 and ran 11th in a 12-horse field.

Unquestionably, the safest tire in the world... because of its superb 3-T Nylon cord strength... and Goodyear's unmatched "inner tire," the Steel-Cord Captive-Air Safety Shield.

- Most tires aren't tough enough to resist sudden ripping damage at any speed... but the triple-tempered 3-T Nylon cord plies of the new Double Eagle are an unbeatable wall of strength!
- If, by some chance, the Double Eagle is damaged, you're still protected, because the Steel-Cord Safety Shield immediately takes over and carries the load any time.

DOUBLE GUARANTEE NATION-WIDE

Goodyear guarantees if your Double Eagle with Safety Shield ever goes flat, we will:
1. Pay for your road service.
2. Replace the Shield at no cost.
3. Give you full allowance for unused tread wear if your tire is damaged.

All New Goodyear Auto Tires Are Guaranteed Nationwide against normal road hazards — i.e., blowouts, fabric breaks, cuts — i.e., repairable punctures. Limited to original owner for number of months specified.
Any Goodyear tire dealer will repair without charge, or make allowance on new tire based on original tread depth remaining and the current "Goodyear price."

Blasingame Hitless, but Still Aids Reds

CINCINNATI (AP) — Don Blasingame, Cincinnati Reds second baseman, has been one of the club unsung heroes in the surge that carried them to the National League lead.

The 7-3 victory Tuesday night over the Reds' new-found "cousins," the Milwaukee Braves, keeping Cincinnati in front of the pack, furnished a typical example of Blasingame's contributions.

The little guy, whose installation at the keystone upon his acquisition from San Francisco a few weeks ago seemed to coincide with the beginning of the upturn in Redleg fortunes, had hit safely in seven of the past eight games. This time he went hitless, but he drew two walks, one with the bases full, and made a key fielding play.

The latter helped stifle a Milwaukee threat in the seventh inning. Blasingame made a back-hand stop of Frank Bolling's grounder, and his quick throw to Eddie Kasko forced Lee Maye for the Braves' second out.

The Braves managed just one run that inning as Bob Purkey went on to pitch out of trouble. Purkey, winning his sixth game in nine decisions, was clipped for 13 hits in eight innings, but as usual was tough when it counted.

If Blasingame did not contribute his hit, his teammates made up for it.

Purkey, who was replaced by Jim Brosnan after eight frames, got the Reds first safety—a single in the third inning. Vada Pinson doubled him home.

Two more runs came in the fourth when Jerry Lynch got a double, followed by Gene Freese's 10th home run. In the fifth, Pinson singled and Gordie Coleman brought him in on a sacrifice fly as loser Carl Willey was chased.

Then, in the eighth, after the Braves had come within one run, Chi Chi Olivo took the mound as the fourth Milwaukee hurler. He gave a double to Coleman and walked Freese. Jerry Zimmerman sacrificed Olivo gave up two more walks, forcing in a run.

Moe Drabowsky took over and walked Blasingame, scoring Freese. Another run scored as Drabowsky threw out Pinson.

Lady Golfers Play Tomorrow

Warm air and sunshine provide a sporting recipe designed to attract a large number of ladies to the Pickaway County Club Links tomorrow morning.

Sue Spires, general ladies golf chairman, announced that players will tee off from the first green at 9 a. m. A special surprise event not to be announced until tomorrow will highlight the day.

Helen Weldon and June Fuhrman, co-chairman of the annual Ladies Invitational Tournament slated for June 15, stated that registrations for the playoff are "coming in well" and a full slate of competitors is expected.

The two chairmen also said that all preliminary preparations for the tourney have been completed.

Gracille's Moves Up in Gals Loop

Gracille's Carousel of Beauty quintet claimed a firm hold on second place and Donna Leist coped individual scoring honors in the latest Buffalo Gals League bowling at Prairie Lanes.

Gracille's squad tallied high team singles of 676 on their way to a top series mark of 1,993. Donna Leist, rolling under the Tink's Tavern colors, outpointed all competitors in singles (191) and three games (439).

Kathy Holley converted the 3-7 split, June Sparks the 4-7 and Ellen Smith the 6-7 stand.

Tight Contest Is Looming For BR Crown Contenders

The Babe Ruth Major League race for the pennant looks from this vantage point like a nip-and-tuck battle to the wire.

The five squads going into action this week display balance and power and each is capable of upsetting any threatened run-away.

Here is the roster of teams playing in the league, with brief summaries of their chances:

GENERAL ELECTRIC — Champions the last two seasons, GE has several boys returning who could have a lot to say about the final disposition of the crown.

The team lost some top hitters and hurlers through graduation, but acquired a couple of excellent new prospects.

David Bass, a shortstop and pitcher at 14 is rated an unusually good player.

The infield should be tight, the outfield fair to good.

KIWANIS — A runnerup to GE last time around, this squad has obtained several young players to challenge General Electric's domination.

The team should boast good pitching, with a possibility the hitting may show well too.

Wendell Lovett, a 15-year-old right-hander, and 14-year-old Harry Hill, a catcher, pair for a solid battery.

DU PONT — Manager Bill Blanton and assistant Mike Harrison, in their third year with the

Scioto Club Slates Water Race Events

The Scioto Valley Coon Hunters Club is featuring Water Races again this season at the club grounds on Route 104.

The club grounds are located three miles west of South Bloomfield and about a half mile south of Route 316.

A race is scheduled 2 p. m. Sunday and another is on the agenda for June 14.

Four trophies are slated for final winners and rosettes for semi winners. Ribbons will go to heat winners.

CURT REID is president of the Scioto Valley club and Pauline Schwartz is secretary.

Jim Ullman, local coon dog trial enthusiast who lives on E. Main St., has three dogs showing winning form so far this season. Bringing home trophies from various trials the last few weeks are "Captain Dan", "Flip" and "Blue Bud". Jerry Anderson of Circleville has been participating in the trials with Ullman.

Xenia Stallion Wins Scioto Feature Pace

COLUMBUS, Ohio (AP) — My Leo, owned by William Pope of Xenia, won the feature seventh race for Class C pacers at Scioto Downs Tuesday night in a thrilling come-from-behind finish, pacing the last quarter in :29 1-5—the mile in 2:08.

Trained and driven by Jan McPherson, the 4-year-old chestnut stallion paid \$11.

Chuck Cottier, utility infielder with the Detroit Tigers, has been in the big leagues for parts of three seasons and has three different managers — Fred Haney, Chuck Dressen and Bob Scheffing.

team, have 10 boys returning from last year's second-position outfit. "We have all but two players back of last season's starting nine" Blanton commented, "and I'd say we are in excellent position to go for the top."

"Our pitching is in good shape, with a 15-year-old George Reeser ready for some heavy-duty hurling. He is backed up by two 14's, Skip Lutz and Chet Iery, both good," Blanton continued.

CHAMBER OF COMMERCE — A fourth place ending in 1960 may have marked the beginning of an upswing in this club's diamond fortunes.

Manager Charles Johnson and his lieutenant Sandy Hill are working with a "developing" group of boys eager to play ball. They show depth in pitching and possibly good bat strength.

ASHVILLE — The out-of-town aggregation, sponsored by the Bronco Boosters Club, is handled by Russ Gregg and Owen Roof.

They have a number of first-year players to work with, and could prove a surprise in the dash for top honors.

The team should boast good pitching, with a possibility the hitting may show well too.

Wendell Lovett, a 15-year-old right-hander, and 14-year-old Harry Hill, a catcher, pair for a solid battery.

Snead Qualifies for Open, Goes Home for Needed Rest

By THE ASSOCIATED PRESS
After winning three straight golf tournaments, coming within a few strokes of topping all the shooting 14 consecutive rounds in tional Open championship and shooting 14 consecutive rounds in 70 or better, Sam Snead says he's going home to rest.

But you can bet he'll be back in Detroit next week with fire in his eyes, determined to win his first National Open title after nearly 25 years of frustration.

Snead played in his first Open scored 282 at Oakland Hills near Detroit, only to have Ralph Guldahl come in two strokes ahead of him. Since then the title has eluded Sam time after time.

He shot 68-70—138 in Tuesday's sectional qualifying round at the Grosse Ile Club, the best in that section. Then he said he was tired, unhappy about his putting and was going home to rest.

Only a few of the 129 players who qualified in 13 sections Monday and Tuesday managed to bet-

ter Snead's 36-hole score. Bob Goalby, who topped a big and star-studded field of touring pros at Oklahoma City Tuesday shot 66-68—134. There were five 136s and three 137s at the same place and it took even par, 142, to earn one of the 25 qualifying places. Don January and Bill Bisdorf led the Monday qualifiers with 135s.

The 139 survivors of the sectional rounds will be joined at Oakland Hills next week by 21 players exempt from all qualifying.

Two other former Open champions made the grade Tuesday—Ed Furgol, the lame-armed 1954 champ who tied the record for Cleveland's Aurora Club with a second-round 65 and led his field with 138 and Lew Worsham, who shot 139 at Washington. Two others didn't succeed—1936 winner Tony Manero and 1946 winner Lloyd Mangrum.

The average daily temperature for Hialeah's 40-day meeting last winter was 73.7 with a high of 83.

Cleveland Joins Cincinnati As Leader of Major League

By THE ASSOCIATED PRESS

The Cleveland Indians took first place by .003 percentage points in the American League race with their eighth straight victory Tuesday night, whipping Washington 14-3 with 16 hits, including two homers by Johnny Romano.

The Chicago White Sox spilled Detroit to second place, beating the Tigers 7-1.

New York defeated Minnesota 7-2, the Twins' 12th straight loss. Baltimore split a two-night pair with Los Angeles, losing 7-3 be-

fore Chuck Estrada beat the Angels 2-0 with a two-hitter in the nightcap. Boston defeated Kansas City 5-3.

In the National League, Cincinnati clung to first by a half game by beating Milwaukee 7-3. Second-place Los Angeles beat Pittsburgh 8-7 and Philadelphia rapped third-place San Francisco 13-9. St. Louis defeated Chicago's Cubs 6-2 in the first game of a two-night pair, but the nightcap, called because of curfew, ended in a 3-3, 10-inning tie.

The Indians turned a close game into a runaway with a seven-run sixth inning at Washington that beat rookie Joe McClain (5-4). They sent 11 men to bat in the seventh, getting the runs on Jim Piersall's triple, a double by Willie Kirkland, three singles, two walks and an error. Vic Power's

solo homer had given Cleveland a 1-1 tie in the fourth inning. Gary Bell (4-4) was the winner with a three-inning mop-up by Bob Allen. Tribe relievers have been in on all but one decision in the eight-game streak and have locked up 15 of Cleveland's last 20 victories.

The White Sox, winning two in a row for the first time in almost three weeks, tripped the Tigers behind the fine relief of Turk Lown. The right-handed veteran replaced starter Early Wynn with a run in, three in and one out in the fourth inning. He retired loser Jim Bunning (4-5) on a foul pop and fanned Jake Wood, then blanked Detroit on three hits for his third straight victory in five decisions.

Southpaws Whitey Ford (8-2) and Luis Arroyo combined for a three-hitter against the Twins, who were shut out on one hit for 6 1/3 innings. Roger Maris drove in four runs for the Yanks and regained the AL home run lead with his 16th, a three-run shot. Jack Kralick (4-4) was the loser as the Twins plunged into ninth place with their 17th loss in 18 games. They played under coach Sam Mele, after club owner Cal Griffith called manager Cookie Lavagetto home for a week's vacation.

Chuck Estrada (3-4), an 18-game winner a year ago, pitched his first complete game of the season while blanking the Angels on two singles. He struck out 12, but walked six. The Orioles broke up a shutout duel with Ken McBride (5-3) with a run in the fifth on Whitey Herzog's single. Los Angeles wrapped up the opener in two innings on two homers—Ken Hunt's three-run shot and a grand slam by Leroy Thomas—off Milt Pappas (1-3). Eli Grba (5-4) was the winner.

Thomas was hit in the head by an Estrada pitch in the first inning of the nightcap. He escaped serious injury, but McBride then received an automatic \$50 fine when he threw at Estrada, firing a pitch behind the Baltimore right-hander.

A two-run homer by Vic Wertz capped a seventh-inning rally for the Red Sox when they scored four runs and beat reliever Jim Archer (2-1). Bill Monbouquette (5-5) was the winner, giving up a two-run homer by Norm Siebern when the A's scored three unearned runs in the fifth.

Small College Net Players Vie in NCAA Tournament

DELAWARE, Ohio (AP)—The cream of small college tennis players in the Mid-East Region square off today in the closing rounds of the NCAA small college tournament here.

In Tuesday's action, all seeded players except the No. 3 choice in the singles and the No. 2 selection in the doubles came through victorious. Today the quarterfinals, semifinals and finals were on tap.

The upsets Tuesday came when a Wittenberg freshman Dave Moore, ousted favored Alberto Loney of Central State 6-4, 6-2. In the doubles an Ohio Wesleyan team of Steve Falk and Bob Bourquard edged Tom Brunkow and Bill Giddings of DePauw, 7-5, 2-6, 7-5.

Team standings after the first day were: Wittenberg 4, Ohio Wesleyan, the defending champion, 2; North Central (Ill.) 2, DePauw and Oberlin 1 each, Central State, Kenyon, McMurray (Ill.) and Wooster failed to score.

Boy, 12, Gets Orders To Resign as Bookie

NORTHAMPTON, England (AP)—A boy of 12 was ordered by the Juvenile Court Tuesday to abandon his career as a bookie for at least the next 6 years.

The boy—son of a bookmaker—was found by police taking bets on the horses at a betting shop.

Betting shops recently became legal in Britain, but the law forbids anybody to frequent them until the age of 18.

In accordance with Juvenile Court practice, the young bookie's name was kept secret.

Dominica Medic Takes Own Life

Doctor Claims Shelter Given to Assassins

CIUDAD TRUJILLO, Dominican Republic (AP)—A doctor, who claimed he was forced at gunpoint to shelter the assassins of Generalissimo Rafael L. Trujillo, died Tuesday night after cutting his own throat, the government reported.

The doctor, Robert Reid Cabral, died in the hospital after surgery failed to save his life. Informants said he was on the operating table for nine hours.

The government said Reid Cabral severed his jugular vein with a penknife a day after he claimed he had been forced to harbor Gen. Juan Tomas Diaz, charged with being the chief assassin, and three accomplices. Diaz was shot and killed and a companion wounded Sunday night by security forces. Reid Cabral said hunger drove them into the streets.

The newspaper La Nacion, considered a government voice, launched a blast at Venezuela's President Romulo Betancourt, arch foe of the slain Trujillo.

Accusing Betancourt and the U.S. State Department of pressuring the Organization of American States into voting sanctions against the Trujillo regime last year, the paper called Betancourt "the man who prostituted all international laws and violated all human right."

It also called the Venezuelan president a traitor to the cause of the Americas and "the man who brought chaos to Venezuela."

Government sources who originally said Trujillo's assassination was the result of a private grudge and nonpolitical began spreading reports Tuesday it was masterminded from abroad.

The new version said the assassination stemmed from a political conspiracy involving a foreign country but the country was not named.

Upper Sandusky Grain Is Burned in Storage

UPPER SANDUSKY, Ohio (AP)—Fire, cause unknown, destroyed a frame shed and thousands of bushels of grain at the U. S. Mission Co. here Tuesday night. The blaze, which started in the shed, spread to two concrete and metal grain bins. Firemen estimated damage at \$100,000.

Ohio Tie-Bidding Data Goes to U.S. Attorney

COLUMBUS, Ohio (AP)—The U. S. attorney general is getting documents showing 2,479 instances of tie bidding over a five-year period by firms selling items to the Ohio Highway Department. Gov. Michael V. DiSalle said the material was offered in connection with the federal effort against collusive bidding.

Five Students To Attend Girls' State

Two Circleville High School students and three from Ashville-Harrison will be among the 1,100 high school girls to attend Buckeye Girls' State at Capital University, Columbus, June 16-25.

Stephanie Marion, 217 N. Scioto St., and Valerie Hamilton, 1063 Georgia Road will attend from Circleville. Janet LeMaster, and Katherine Gardner, both of Ashville, and Margaret Shirey, Route 1, Lockbourne, will attend from the Ashville school.

The 15th annual session, sponsored by the American Legion Auxiliary, is a nine-day government workshop where students are citizens of a mythical "state."

Each of the girls has just completed her junior year in high school and is sponsored by the local American Legion Auxiliary.

AS IN the past, the program of Buckeye Girls' State is designed to teach outstanding young women, through practical participation, the rights, duties and responsibilities of American citizenship as well as the functions and problems of government.

With the assistance of experienced advisers, the girls will participate in a two-party system of political organizations, campaigns, elections, and the functioning of government. Each girl has a definite function, elective or appointive in the Girls' State government.

Girls chosen to attend Buckeye Girls' State must be approved by their respective high school principal or superintendent, certifying that she is an outstanding member of her class and possesses high qualities of scholarship, definite interest in American government, high moral character, mental alertness and a willingness to assume responsibility. Candidates for Girls' State must not be over 18 years of age.

Small Community Role In New Agency Studied

WASHINGTON (AP)—Congress was urged today to make special provision for smaller communities in setting up any new Cabinet agency on urban affairs and housing.

Rep. Wright Patman, D-Tex., made the suggestion to a House Government Operations subcommittee in endorsing President Kennedy's proposed new department.

Patman recommended adding language to pending legislation to protect the interests and economies of smaller communities.

Grand Jury Cites Columbus Strikers

COLUMBUS, Ohio (AP)—Two employees of the National Electric Coil Co., of Columbus, have been bound over to the grand jury under \$5,000 bond in Municipal Court on charges of malicious destruction of property.

The charges stem from acts of violence during a recent strike at the plant.

Arnold C. Conley, 28, of nearby Amlin and Bennie A. Lee, 32, of Columbus were arrested March 10 after shotgun and rifle blasts hit the home of John A. Welsh of Hilliard, police said.

The shots were believed intended for the home of Ray Furrow, a neighbor of Welsh. Furrow did not participate in the strike.

Conley and Lee have pleaded innocent to their charges.

Business Briefs

The North Court St. Royal Blue Market opened this week under new owners.

The market, at 234 N. Court St., is now owned and operated by Earl and Mary Lutz and will be known as the Lutz Cardinal E-Z Check.

The Lutzs come to Circleville from Jackson, O., where Earl worked in a super market there. They are both former residents of Circleville.

Kenneth Davis will continue to be associated with the grocery and meat market.

New store hours will be 8 a. m. to 6 p. m. Monday through Thursday and 8 a. m. to 9 p. m. Friday and Saturday.

The Lutzs and their 8-year-old son, Mark, will reside in the apartment at the rear of the store.

How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook:

Heavy fog formed over the southern and central counties Tuesday night, with visibility near zero at many points at sunrise. No rain was reported during the night, although skies were partly cloudy.

Early morning temperatures today included 55 in Toledo, while Columbus had 58 and Cleveland 56. Along the Ohio River, readings were in the low 60s.

A cold front cooled the northern third of the state this morning. The southern two-thirds of the state had warm, humid air.

Afternoon thundershowers are expected today and early tonight, and possibly in the southern counties Thursday. Cooler weather is forecast Thursday afternoon over most of the state.

OHIO FIVE-DAY FORECAST
SOUTHERN & CENTRAL OHIO — Temperatures Wednesday night through Monday will average about 6 degrees below normal. Normal high 80-85, normal low 58-64. Turning cooler late Thursday or Friday, warmer about first of week.

NORTHERN OHIO — Temperatures will average 2-5 degrees below normal. Normal high 74-80, low 53-59. Cooler Friday and Saturday, then warmer beginning week. Precipitation will average one-half to three-quarters inch in rains tonight and Thursday and again first of week.

Hines Cows Get Honors

Two registered Jersey cows owned by H. C. Hines and Sons, Route 2, Ashville, have been awarded Ton of Gold Certificates by The American Jersey Cattle Club.

The awards were made in recognition of the cows having produced more than a ton of butterfat during a four-year period on Herd Improvement Registry Tests.

The cows in the Hines herd and their records were: Brampton Compt Lady, 40,465 pounds of milk and 2,634 pounds of butterfat; Sultane Sparkling Lady, 40,760 pounds of milk and 2,041 pounds of butterfat.

The production of registered Jersey cows winning the Ton of Gold award far exceeds that of the average dairy cow in the United States according to American Jersey Cattle Club records.

The Ton of Gold Award was adopted by the American Jersey Cattle Club in 1942 as an aid to Jersey breeders in selecting cows with consistently high production over a long period.

Van Camp Gets Route 104 Job

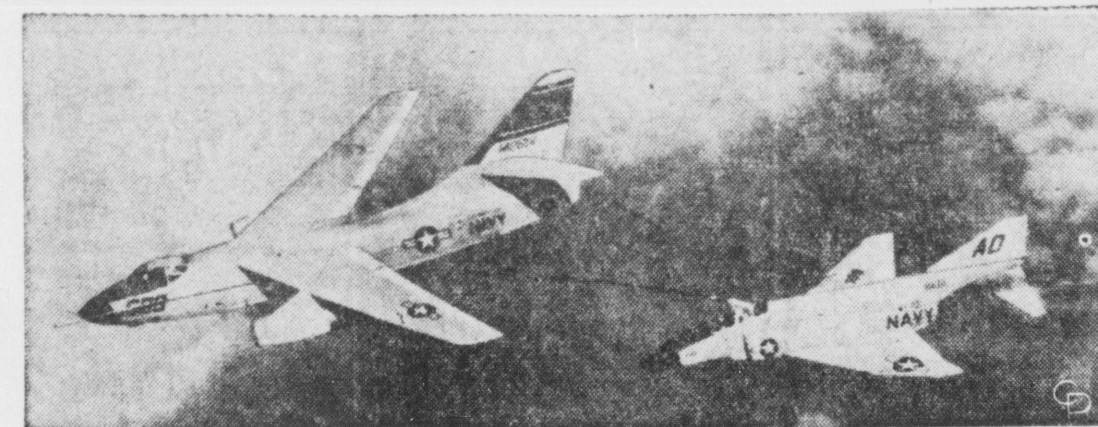

George W. Van Camp was the apparent low bidder yesterday in Columbus for 15.1 miles of resurfacing of Route 104 from Route 22 in Pickaway County to the Franklin County line.

The estimate for the resurfacing job was \$109,720. Van Camp's bid was \$102,145.

Yesterday's bidding session was the ninth this year conducted by the Ohio Department of Highways.

FUELING AROUND FOR BENDIX TROPHY RACE—Rehearsing for resumption of the Bendix Trophy Race some time in the week of May 21, a supersonic Phantom II, the Navy's newest carrier-based fighter, takes on fuel from a Skywarrior attack bomber. Four Phantoms—two flown by teams from the Atlantic Fleet and two from the Pacific Fleet—will race at bullet speeds from coast-to-coast in an attempt to crack the Bendix speed record of 679 miles an hour. The record was set in 1957, last time the event was held. Twelve Skywarriors converted to tankers will be used as aerial refueling stations over Albuquerque, N.M., St. Louis and Pittsburgh. The Phantoms will take off from Ontario, Calif., and finish at Brooklyn's Floyd Bennett Airfield. (Central Press)

Orient Holstein Is Top Producer

The Holstein-Friesian Association of America has announced the completion of outstanding official production records by a registered Holstein cow owned by the Orient State Institute.

The registered Holstein, Orient Heilo De Kol Romeo, produced 16,546 pounds of milk and 557 pounds of butterfat in 335 days on twice daily milking as a 4-year-old.

Ohio State University students, working in close cooperation with the national Holstein organization, supervised the weighing and testing of production as a part of the official herd testing programs.

BIGGEST MAY SINCE THE MODEL "A"...

THE MONTH OF MAY WAS THE BIGGEST FOR FORD CAR SALES IN 32 YEARS—SINCE THE HEYDAY OF THE HOT MODEL "A" IN 1929.

MORE THAN 143,000 FORD CARS WERE SOLD.

THIS MEANS THAT EVERY SIX SECONDS OF EVERY EIGHT-HOUR DAY, SOMEONE BOUGHT ANOTHER FORD, FALCON, THUNDERBIRD, OR FORD WAGON.

WHY?

PERHAPS THOSE 143,000 AMERICANS FOUND OUT SOMETHING YOU SHOULD KNOW. THEY DID ALL THE SHOPPING, DEALER BY DEALER; THEY MADE ALL THE COMPARISONS, CAR BY CAR. BUT THEY BOUGHT FORDS!

WHY?

SOONER OR LATER YOU'LL GET A NEW CAR. WHEN YOU DO, TRY YOUR FORD DEALER FIRST—HE WILL GIVE YOU AN ABSOLUTE YARDSTICK OF VALUE IN EVERY PRICE RANGE FROM A TUDOR FALCON TO A THUNDERBIRD CONVERTIBLE.

HERE'S WHAT TO LOOK FOR. IN THE GALAXIE PRICE RANGE, DON'T SETTLE FOR LESS THAN A CAR THAT'S BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF...THAT GOES 30,000 MILES BETWEEN CHASSIS LUBRICATIONS...4,000 MILES BETWEEN OIL CHANGES...WHOSE BRAKES ADJUST THEMSELVES AUTOMATICALLY...WHOSE MUFFLER IS BUILT TO LAST THREE TIMES AS LONG AS ORDINARY ONES...WHOSE BODY IS SPECIALLY TREATED TO RESIST RUST AND CORROSION...WHOSE FINISH NEVER NEEDS WAXING.

IF YOU WANT RECORD ECONOMY LOOK TO THE FALCON...THIS IS THE ABSOLUTE RUN-AWAY BEST SELLER OF ALL COMPACT CARS...WITH THE GAS MILEAGE RECORD OF 32.6 MILES PER GALLON, PROVEN BY AN EXPERT DRIVER IN A FALCON WITH STANDARD SHIFT, UNDER THE CROSS-COUNTRY TEST CONDITIONS OF THIS YEAR'S MOBILGAS ECONOMY RUN.

OR COMBINE ECONOMY WITH A TOUCH OF THE THUNDERBIRD, IN THE ELEGANT NEW FALCON FUTURA...BUCKET SEATS AND ALL.

TAKE A LOOK AT THE TWELVE FORD WAGONS, EVERY ONE IS DESIGNED AND BUILT TO GIVE YOU MORE SOLID ROOM-PER-DOLLAR, POWER-PER-DOLLAR OR STYLE-PER-DOLLAR VALUE THAN OTHER WAGONS. SEE THEM ALL—FROM THE CRISP SMARTNESS OF THE FALCON WAGON, ALL THE WAY UP TO THE INIMITABLE FORD COUNTRY SQUIRE.

FOR PURE PLEASURE, SEE THE SENSATIONAL NEW THUNDERBIRD FOR 1961. UNIQUE IN ALL THE WORLD—A CAR THAT BECOMES MORE DESIRABLE EACH MONTH AS THE IMITATIONS COME OUT, AS OTHER CARS COPY ITS FAMOUS ROOFLINE, ITS FOUR-SEAT INTERIOR, ITS CONSOLE—YET MISS THE SECRET OF THE THUNDERBIRD SPIRIT.

THE THING THAT SELLS FORDS IS SIMPLY THE PRODUCT—IT STARTS WHEN YOU TAKE A CLOSE LOOK AT FEATURES OTHER CARS ARE ONLY DREAMING ABOUT. IT GETS CONVINCING WHEN YOU SEE AND FEEL THE HONEST QUALITY OF ITS CRAFTSMANSHIP—AND IT'S ALL OVER WHEN YOU LEARN THE PRICE.

THOSE THOUSANDS OF AMERICANS WHO BOUGHT A GLITTERING NEW FORD EVERY SIX SECONDS IN MAY REALLY DID KNOW SOMETHING YOU SHOULD KNOW—THAT NOW IS THE TIME TO STOP IN, SWAP, AND SAVE PLENTY AT YOUR FORD DEALER'S SWAPPING BEE.
